note who pays the tariff:

Mr. Charlton, M. P., a reliable au-thority, estimates that Canadians have been paying five millions a year into been paying five millions a year into the United States treasury for the priv-ilege of selling in the American mar-ket. The new tariff, except in the case of lumber, maintains duties on Cana-dian produce, but at a very much lower rate. The duty on hay has been reduced one-half, on barley 15 cents per bushel, on eggs 3 cents per dozen, on sheep 75 cents per head, on poultry 2 cents per pound, and on horses \$10 to \$15 per head. The effect of this reduction will be felt in better prices for our produce and prove an earnest for our produce and prove an earnest of what unrestricted trade between the two countries would do for our farmers. Taking the last trade returns as a basis, our farmers will receive each year 804,000 more for their horses, \$288,000 more for their sheep, \$140,000 more for their wool, \$238,000 more for their barley, and \$188,000 more for their hay than they have been getting.

Just after a Democratic candidate had been telling the people at Charlotte, the other day, how Republicans had increased state taxes, a hitherto prominent democratic farmer said: "My taxes don't show any great increase, and if they did I would rather pay them and have a chance to sell my wool for something. I wouldn't the ticket is not neglected. feel bigger taxes, then, as much as I would small taxes now." He was right.

Propes who imagined that Republi-Proper who imagined that Republi-cans in the campaign of 1894 would trained in the great lumber camps for not attempt to hold the Democratic nose squarely on the protection grindstone were mistaken in their diagnosis.

Ir foreign farmers can ship their produce into our markets and undersell the produce of American farms, how will it profit our farmers to ship American produce to those foreign markets-the markets of the world?

A GREAT many democrats in Yale as well as in other parts of the county declare the republican ticket is preferable to the democratic ticket and will support it in consequence.

THE millions upon millions of money piled up in bank vaults only need confidence in future legislation to scatter into the hands of the millions. There is no searcity of money.

Vorma the straight republican ticket in November is a vote for a return to prosperity and happiness.

Brockway and Bob Are All Right.

Last spring, during the annual election, the voters of the township were told by democrats that it would not do to elect a republican, as the democratic Board of Supervisors would then raise the valuation of the village and township. But it didn't work. Bob Lothian was elected just the same. Not only that but he was given a place on the committee of equalization, the most important committee of the Board.

And better still the equalized value of the township was not raised as had been threatened.

Mr. Lothian deserves credit for care-

fully attending to the best interests of

Reasons Why They Should Receive Hearty Support.

There are many good reasons why the Republican candidates for Con-gressional, Legislative and County of-fices should receive unanimous sup-The tickets are made up of honorable, upright citizens who are recog-nized as such in their various localities. We can recommend the entire ticket to the electors who have the independence to vote for good, clean men, and we call especial attention to the following:

SNOVER for CONGRESS.

Those electors who attended the meeting at Yale on the 20th inst. were thoroughly impressed with the fact that Horace G. Snoyer is eminently well qualified to represent this district in Congress. It was made plain to all that he is a plain-spoken, straightforward man, able in every respect to represent the best interests of the people; that there is nothing of the dude or fop about him; and that he can be depended upon to so vote as to honestdepended upon to so vote as to honest-ly and fairly represent the best inter-ests of this District, the State and the

Nation.
No elector can make a mistake in casting a vote for Snover for Congress. All may be sure that he will be found voting to protect the best interests of our own farms, shops, laborers, and business enterprises instead of being business enterprises instead of being to circulate a report that he brought his deputy from Sanilac county.

These are the facts.

MALLORY for SHERIFF.

There can be no valid reason why any republican or independent demo-crat should refuse to support George E. Mallory for sheriff. If so what can be assigned as a reason

Is it because that Mr. Karrer, his democratic opponent, is a resident of the city, and Mr. Mallory lives on the farm where he has lived from boy-hood?

Is it because Mr. Karrer has a busi-ness that yields him almost a princely income, and Mr. Mallory is practically a poor man, earning his living by hon-est, honorable toil, day by day, the

year through?
It is true that Mr. Karrer's business and we'll patronized saloon has enabled him to spend dollars in his campaign, where Mr. Mallory has been able to use but dimes, but nevertheless wherever Mr. Mallory is known he is recognized as a thoroughly honorable, upright man, of much more than average

It is true that Mr. Mallory has been don't believe all they hear about hindered and delayed in his carvass because of sickness of himself, soon what a Canadian paper says, and also after his nomination, and because his wife is now so low as to require his attention at her bedside much of the time, while Mr. Karrer has been able to make a thorough canvass and to keep open bar in his own behalf, but we submit that republicans should see to it that Mr. Mallory is not punished because of his misfortune or the wealth of his opponent.

Voters we ask your careful attention to these facts. There is a choice be-tween these two candidates. Cast your vote for Mr. Mallory and you will make no mistake.

French for State Senator.

Robert E. French who represents this district, comprised of St. Clair county, known at his home, Fort Gratiot, as a thoroughly representative citizen of integrity and ability. The citizens of his home village almost to a man, have a good word to say for "Bob" French, and there can be no better criterion of a man's true worth than this.

Mr. French has proved himself to be an efficient and painstaking Senator. He was always found at his post, watch-

ing the interests of the district.
The convention recognized his worth and ability by give ination unanimously and without any

opposition.

There is no reason why he should not receive the entire support of his party and friends and we predict his election by an increased majority. Republicans should see that this place on

Stephen Moore for Treasurer.

Many years ago, when Brockway was a lumber camp, "Steve" Moore came to Michigan from the pineries of New which that region was noted, he naturally found himself "driving logs" or working in the lumber camps that then stone were mistaken in their diagnosis.
It is right there, and there will not be much nose left by the 6th of November.

River on which "Steve" Moore has not cut or skidded timber.

And there is no kid glove aristocracy about "Steve". He commenced at the bottom rung of the ladder and fought his way toward the top by sturdy, honest effort. He purchased a tract of wild land on the "Gravel Road", in Fort Gratiot township, cleared it and has always resided there with his

has now been nominated for County Treasurer. There is no question but he will carry into the office the same characteristic honesty and integrity that has always been apparent in his dealings with the hundreds of men whom he has employed in the camp or

n the "drive". He will be elected Trensurer of this county and the people will be secure in the safe keeping of the public funds. Republicans should see to it that these facts are thoroughly understood.

Avery for Prosecuting Attorney. Lincoln Avery has proved himself to be one of the fairest, ablest, and most fearless prosecuting officers ever elected by the people of this county. Throughout the entire course of his administration cases that called for attention have been vigorously prosecut-ed whenever the facts showed guilt, and have been promptly dismissed when there was no prospect of conviction. During the entire term, Mr. Avery has endeavored to do the best that could be done, for and in the interests of the people and tax-payers of the county; and a careful examination of the facts show beyond a doubt that he has saved the county many thousands of dollars, that must otherwise have been assessed

against the property of the people. But little need be said in his behalf. His work constitutes a better recom-mend than can be penned for him by his best friend. He will undoubtedly

receive strong support from republicans, democrats, and independents, and will again fill the office ably and

to the satisfaction of the people.

Voters should not overlook this important office when marking their

Runnels for Register of Deeds.

In 1892 the Republican convention was unable to select a candidate for Register, there being none who were asking for the nomination. Democracy was then in full power and rep-ublican candidates were not as numerous as now.

Up to within one week before the time for printing the ticket the committee had secured no candidate. At that late date the members of the com-

and fair treatment that other candi dates receive? We think not. Mr. Runnels should receive the entire republican vote.

Democrats, knowing that they can-not possibly attack the character of Mr. Runnels or his methods of run-ning the office of Register on thorough business principles, have commenced

These are the facts: Years ago Mr. Runnels' sister died, leaving several small children. One, a boy, found a good home with his Uncle Dan, being practically adopted as a member of the family. He remained there until he reached manhood, and finally went to Lexington, Mich., for a short time, but moved back to Port Huron again and

Kennedy his deputy.

The Register's office was never run better than now. Mr. Runnels gives the business sufficient personal attention to insure a thoroughly businesslike administration, and everything about the office is carefully and properly managed.

Dont forget to vote for Dan Runnels for Register of Deeds.

Mason for County Clerk.

Our friend and neighbor, Will Mason, has received a unanimous re-nomina-tion for county clerk. It is a very common remark among the attorneys and business men who do business in the Circuit Court and clerk's office, that there never was a time in the history of our county when the business of the office was conducted better than now.

The work of the office has increased

greatly within the past few years, but notwithstanding this Mr. Mason has kept the records of his office in most excellent shape, and has also inaugur-ated many needed reforms in the methods of caring for and preserving them. In addition, patrons of the office find Mr. Mason an agreeable and obliging official, always ready to do a duty and pleased to be able to accommodate

friends and strangers alike.

There is no question but Will Mason will secure the entire vote of his party and that of his friends, irrespective of party or politics.

Parkinson for State Representative.

The republican voters are taking conderable interest in the fact that this legislative district has been represent-ed by a democrat ever since it was formed; that the term before it was formed the old Second district which included Brockway and the northern part of the county was represented by Joseph Gibbons, of Grant, and "Billy" Powers, of Emmet, and we are now asking ourselves is it not about time to change the programme?

T. H. Parkinson, the republican nominee, is known to be an upright, honorable citizen. We know that he can be depended upon to vote in the best interests of the people of this district, the county of the State when trict, the county, or the State, when-ever called upon to vote for or against

And are not these just such qualifications as are needed to represent the people? We dont need oratory or eloquence to run the affairs of our State, so much as we need honest men to vote carefully and conscientiously

in the interests of her citizens.
It is believed by many that if we had more such representatives in our State Legislature and fewer of the so-called hustlers and political orators, there would be fewer laws to be repealed, amended, or declared unconstitutional

by the courts of the State.

There can be no possible question that Mr. Parkinson should receive the hearty support of his party and his friends, and when elected, as he will be, that the people of the district will be honestly and well represented in the

be, that the people of the district will be innestly and well represented in the State Legislature.
